

## Board of Trustees Meeting August 3, 2023 12:00 pm Agenda Item:

Subject: Final FY 2023/24 Operating Budget

**Proposed Board Action:** Pursuant to the Board of Governor's Regulation 9.007 State University Operating Budgets, the FY 2023/24 operating budget must be approved by the University's Board of Trustees (BOT) prior to submission to the Board of Governors on August 18, 2023.

**Recommendation:** It is recommended that the Board of Trustees approve the FY 2023/24 Operating Budget and delegate to the University President, the authority to amend these budgets as appropriate during the fiscal year consistent with Legislative, Board of Governors' and Board of Trustees' directives and guidelines.

## Attachments: Yes.

1. The Education and General budget funds the general instruction, research, and public service operations of the universities. Universities have accumulated ending fund balances for activities such as the implementation and maintenance of Enterprise Resource Program systems, contingency for unfunded enrollment growth, potential budget reductions, anticipated increases in utilities, and prior year encumbrances (recorded, estimated liability at year-end for ordered or received goods or services), and compliance with Section 1011.45 F.S. on maintaining a 7% reserve.

2. The Contracts and Grants budget contains activities in support of research, public service, and training. Large fund balances are due to the timing of receipt of Federal contracts or grants.

3. Auxiliaries are ancillary support units on each university campus. Some of the major activities include housing, food services, book stores, student health centers, facilities management, and computer support. Ending fund balances includes financial activities such as debt service payments, reserve, repair and replacement reserves for future maintenance costs, construction/renovation of auxiliary facilities, and prior year encumbrances.

4. Local funds include the following university activities:

a. Student Activities - Supported primarily by the student activity and service fee and funds operations of the student government, cultural events, organizations, and intramural/club sports. b. Financial Aid - This activity represents the financial aid amounts for which the university is fiscally responsible. Examples include: student financial aid fee, bright futures, federal grants, college work study, and scholarships. The ending fund balance represents a timing difference between the receipts of funds and disbursement to the students.

c. Concessions - These resources are generated from various vending machines located on the university campuses.

d. Athletics - Revenues are primarily derived from the student athletic fee, ticket sales, and sales of goods. Sufficient fund balances are maintained to provide the necessary support for ongoing athletic activities.

e. Technology fee - Collections are used to enhance instructional technology resources for students and faculty.

f. Self-Insurance Program - These programs are directed by the respective self-insurance councils and the captive insurance companies (These companies underwrite the risks of its owner and the owner's affiliates.). These activities are supported by premiums charged to the insured individuals and entities (primarily medical faculty and institutions).

g. Board-Approved Fees - Student fees proposed by each university and authorized by the Board of Governors to address specific student-based needs not addressed through another service or fee.

5. Faculty Practice - The Faculty Practice Plan collects and distributes income from faculty billings for patient services provided in conjunction with state university medical school programs.

6. Other Receipts/Revenues includes categories such as interest, penalties, refunds, admissions, fines, taxes, etc.

7. Other Non-Operating Expenditures includes categories such as refunds, payment of sales taxes, or indirect costs.
